

Guessing Game

Level:

Beginner—Advanced

Objective:

Student will be able to formulate yes/no questions in order to gather enough information to identify a vocabulary word

Timing:

1-3 minutes/word

**Prep/
Materials:**

Index cards with one word written on each card

Breakdown:

- A. This activity can be either a warm-up or a wrap-up. Using vocabulary that the student has recently learned, prepare note cards with one word per card.
- B. Select one of the cards **without showing it to the student**. The student should try to figure out what the word is by asking questions, which you will answer.
- C. They may ask “yes-no” or “choice type” questions, such as: is it an animal? Is it something you can eat? Is it made of paper? Is it a thing or a person? Can it move? Is it something we can use?
- D. The student can guess what is written on the card whenever they think they have enough information.
