

# Skill Share

Level:

Any level

Objectives:

The student will be able to focus on pronunciation, clarity and boost self confidence in speaking skills

Timing

10-20 minutes, can be expanded further into a various levels of difficulty

Prep/

Materials:

- Ask the student to select a hobby or skill they can share in a 5 minute presentation
- Create a list of specific vocabulary associated with the hobby/skill

Breakdown:

1. Discuss the presentation format and expectations
2. Pre-teach specific vocabulary associated with the hobby/skill
3. Together with the student, create a presentation sharing insight regarding the hobby/skill: within the presentation, the student should give simple step by step instructions, teaching the audience the target skill
4. At the conclusion of the lesson, the student should present the Skill Share presentation
5. Wrap up the lesson by discussing the challenges of presentational speaking

Suggestions for more complex exercise: Create and deliver a 15 minute Skill Share presentation and conduct a more detailed Q&A session that will require the student to demonstrate expert skill and practice summarizing skills.
